American Indian Measures for Success (AIMS)

AIMS-Key Indicator System 2011 (AKIS-2011)

The AIHEC-American Indian Measures for Success (AIMS) project has two goals: to define relevant quantitative and qualitative indicator data of American Indian student success, as determined by the tribal colleges, and to develop and implement a strategy for collecting, analyzing, and presenting annually the success indicator data using electronic information management tools. Through data collection and analysis, this project will be the foundation for systemic reform that significantly increases - and for the first time, accurately measures - American Indian success in higher education.

At the spring 2004 meeting, the AIHEC Board of Directors passed the following resolution in support of the AIMS project:

"The AIHEC Board of Directors should take an active role in the development of a definition of Tribal College and University student success and should support the AIHEC-Lumina initiative. Further, each Tribal College should participate, to the maximum extent possible, in all activities associated with the initiative."

AKIS was developed under the guidance of the AIMS Advisory Panel and Tribal College and University presidents and registrars. AIHEC would like to express its appreciation for the time and effort given during the development of the instruments.

AKIS-2011 consists of two parts:

 Part A: Quantitative Indicators (Microsoft Excel®)
 Part B: Qualitative Indicators (Microsoft Word®)

Thank you in advance for your participation in the AIMS project! Please complete AKIS-2011 by **December 16, 2011**.

If you have any questions regarding AKIS 2011, please contact Katherine Page by email at kpage@aihec.org or by phone at (703) 838-0400 x105.

INSTRUCTIONS

Please enter information in white cells only.

Do not change anything in the colored cells.

Sheets may be copied and distributed to appropriate staff. If you copy and distribute sections, be aware that formulas may be affected.

One person should be responsible for transferring information from distributed spreadsheets to the master spreadsheet, if applicable. Copy only information from uncolored boxes, and paste only into uncolored boxes. Check the data to be sure they make sense.

There should be information in **every** uncolored box. **Do not leave any blanks.**

Zero is an important value!   0 = zero; actual value is zero

Only three abbreviations should be used when a number cannot be entered:

>   m = missing; not available; lost; unable to calculate
>   NA = not applicable; does not apply
>   NO = not offered

If a response is "NA" or "missing," explain why in the Notes section, located at the bottom of each page. Include any other additional information in the Notes section.

 Please complete AKIS 2011 by **December 16, 2011** and send it to AIHEC **via e-mail or via U.S. mail on a CD** along with your **photos, photo description sheet, and AKIS 2011 Part B**:

Table 7.3: Faculty, Administrator, and Staff Professional Development and Service / AY 2010-11

Please enter the number of faculty participating in, and the Person Activities (PA) or Total FTE for professional development activities, research, and service. PA is equal to the number of people attending an activity times the number of activities (e.g., if 2 people attend 2 conferences, and 1 person attends 3 conferences, PA equals (2 x 2) + (1 x 3) = 7. Total FTE is the sum of the FTE of each faculty member involved in research or service.
